SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

9-1-1 Outage/Remote/Community Isolation

Community Isolation, Paramount, Los Angeles County

On 03/19/21 at 1425 hours, AT&T has reported a Community Isolation affecting 64,719 Wireline and VoIP users in Paramount (affected zip code: 90723). 9-1-1 service is still working normally and remains unaffected by the incident.

- Time Outage Started: 03/19/2021, 1014 hours
- Time Outage Reported: 03/19/2021, 1047 hours
- Time of Resolution/Restoration: TBD
- Total Outage Time: TBD
- Jurisdiction Affected: Los Angeles
- Reason For Outage: Ongoing Fiber Failure
- Wireless Users Impacted: No
- Wireline Users Impacted: Yes
- VoIP Users Impacted: Yes

Service Interruptions

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Storm systems has moved into the state through Saturday.
 - Moderate to heavy snowfall possible in the mountains.
 - Isolated thunderstorms with small hail are possible along the northern coast on Friday.
 - Gusty winds are expected with the storms, especially in northern California on Thursday and southern California on Saturday.

SOUTHERN CALIFORNIA

- Nothing significant to report

Weather Advisories, Watches, and Warnings currently active in California:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

03/20/21 - 03/26/21

Saturday-Friday

- Lingering light snow showers are expected over many mountain ranges today (Saturday), but with little additional accumulation
- Gusty winds of 35-50 mph continue over the central and southern Sierra and the southern California mountains today
- Additional periods of gusty conditions expected over southern California Sunday and through next week
 - More widespread strong winds could occur across the state toward midweek, though forecast confidence is low at this time
- Mainly dry and mild conditions are expected statewide Sunday through next week, though some very light precipitation is possible at times over far northern California

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-58606, 03/20/2021, 0305 hours:** WC contacted LDO requesting a USCG helicopter on behalf of Capitola Police Department (CPD) to search for an adult male who fled from CPD and ran into the ocean and swam out of view. Capitola PD advised the man ran from police after being involved in a fight on Capitola Beach. Harbor Patrol along with Central Fire Rescues Swimmers were already in the water searching for the subject. LDO confirmed a USCG Helicopter was already in-route based on a request from CPD. **Update, 0745 hours:** USCG along with local resources are still in the process searching for the subject. CPD advised they were able to obtain video of the subject going under the water and not re-surfacing. They are switching to a recovery mode. There are no requests for additional resources. **MISSION ONGOING**
